OREGON EPISCOPAL SCHOOL

# Parent Questionnaire

## Introduction

A good fit between student and school is in the best interest of the child, family, and school. As parents, you have a unique perspective. You have seen your child through accomplishment and frustration, and you have watched as (s)he has questioned and explored the world. In considering your child's application to OES, we value your observations. There are no wrong or right answers, and all information is considered in light of your child's age. We hope that you will enjoy reflecting on your child's growth and relationships.

## Directions

Please answer the questions below on a separate piece of paper. Please number your responses.

At the top of each page, please include your child's name, the grade to which (s)he is applying, and your name(s).

Answer each question fully, but please do not exceed a document total of four pages. (Responses may be typed or handwritten.)

Please identify if the questions were answered by the parent or by a translator.
