OREGON EPISCOPAL SCHOOL

PARENT DRIVING FORM

Dear Parents of Middle School Students:

One of the exciting aspects of our MS curriculum is that we utilize the broader community to enhance our students' learning experiences. To meet this goal, we use both parent and faculty drivers when appropriate. Class field trips, advisory and service learning outings often use parent and faculty drivers.

The school obtains driving records for all certified faculty and parent drivers. Their driving records must meet the standards required of the Department of Education for school bus drivers. Parents also submit proof of insurance. Faculty drivers attend a driving class and pass an on-road driving test. Each certified parent attends a class on safety issues related to transporting students.

By signing the line at the bottom of this form, you are granting permission for your child to ride with a certified faculty driver or a certified parent driver. This form will be kept on file in the MS Office for the duration of the school year.

My child, _____, has my permission to travel by car with an OES certified faculty driver or an OES certified parent driver during normal school hour activities.

For the School Year: 2009-2010

Date _____ Signed _____
(Parent or Guardian)
